

VOLUNTEERING WITH BOLD VISION

We have received funding to support and promote volunteering from Team London. For grant monitoring purposes we need to record the following;

How many volunteers

How many first time volunteers

How many volunteer hours

About volunteers

We have four forms

1. A form for you to send me with details of your project, who you need – how many people and what skills if any. I'm here to help promote your project and find more volunteers.

Send to volunteerboldvision@gmail.com

2. A volunteer registration form for new volunteers to fill in. If you can direct your volunteers to sign up here www.boldvision.org.uk/register that's even better!

3. A volunteer check in / check out form to capture hours. This can also be useful for you to know who is on site.

4. We will also ask volunteers to fill in a feedback form a few weeks after their volunteering session to learn more about their experience of volunteering.

This helps us improve the volunteering experience for everyone involved.
